

Product Main Number 3050

cater.Line

Clingfilm, ABENA Cater-Line, 300m x 30cm, purple, PVC, Heat resistant, unperforated

- ✓ Highly stretchable
- ✓ Extremely good adhesion ability
- ✓ Preferred choice by professional kitchens
- ✓ Breathable material that limits the development of condensation
- ✓ Helps chilled food retain its original texture

Product Description

The film can be used for food storage and for general household use. However, cannot be used for pure fat, oil and food stored in fat. PVC film is very stretchable and has a very good adhesion. It is therefore often the preferred choice of professional kitchens. PVC is also distinguished by being breathable, which limits the development of condensation. This helps refrigerated food to retain its original texture. This special film can be used at higher temperatures than PVC film normally can.

Specifications

Base name	Clingfilm
Brand	ABENA
Sub-Brand	Cater-Line
Color	Purple
Features	Heat resistant
Perforation	Unperforated
Material	PVC
Length/depth	300 m
Width	30 cm
Weight, net	700 g
Weight, gross	779 g
Thickness	8 micron
Roll Core Diameter	3.8 cm
Certificates	Food contact materials.
Directives, regulations and acts	(EU) No 10/2011, (EC) No 1935/2004, (EC) No 2023/2006, BEK nr 681 af 25/05/2020
